Title:

AAP Healthy Futures: Managing Infectious diseases in Child Care – Modules II and III

Training Goal:

Participants will recognize characteristics of infectious diseases, including symptoms, transmission, and prevention and management strategies.

Learning Objective(s): Participants will:

Identify activities where diseases spread; become familiar with disease characteristics, follow best practices to prevent or control the spread of diseases, discuss policies and procedures that should be followed to responsibly manage infectious diseases in their environment.

Topical Outline of Content	Training Method(s)	Time (in minutes)
